

Empowering organizations to champion their people's well-being effectively.

A holistic & complete solution that diagnose, deliver & measure workplace well-being.

iSabel

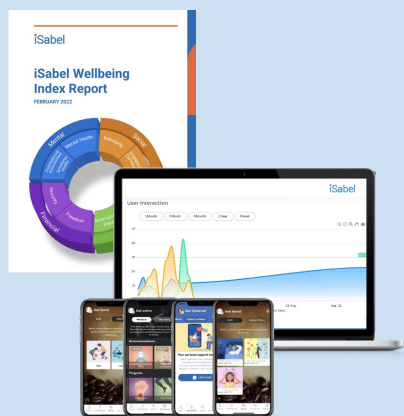

About iSabel

Founded in Singapore, iSabel is a B2B tech-led health care startup that's on a mission to empower organizations to build great workplaces where employee well-being is at the ❤️ of their growth.

We help organizations – large enterprises, SMEs and social impact groups - get clarity on **what to do** and **how to** build cultures of well-being that is sustainable. Our consultative, tech-led and proactive engagement approach enable them to support and champion their teams' well-being more effectively.

We currently operate in Singapore (HQ) & India.

The iSabel Solution

Helps organizations **assess** their current culture of well-being with the iSabel Well-being Index, **define** their corporate well-being priorities & strategy, **track** their progress & **measure** engagement, stickiness & impact.

Delivers personalized **mental, social, physical & financial well-being** resources & experiences to employees through a mobile App; offering users a **safe space** to learn, practice, share & connect with well-being experts & peers **anonymously & conveniently**.

Powered by **ISABEL CONNECT**
Tech & Human Augmentation

Supported by **ISABEL WELL-BEING CONCIERGE**
Organize & manage curated well-being experiences with well-being experts from around the world.

Why iSabel?

1

HOLISTIC & INTEGRATED - mental, social, physical & financial well-being resources easily accessible on one platform.

2

Designed to create **COMMUNITY & CONNECTION** while respecting user privacy.

3

Leverage Collaborative Intelligence (human & AI) to **IDENTIFY WELL-BEING PATTERNS & MEASURE IMPACT** - **PROGRESS** at an organizational level.

4

First to offer an **OUTCOME-BASED PRICING** model; iSabel is invested in the organization's well-being transformative journey.
